

My Wish for the World...

Elena Fiore

My special wish is for the goodness of all,
it involves people of all sizes whether big or small.
My wish is contagious, not like a cold or a sneeze,
but a beautiful sensation like a nice summer breeze.
My wish will change the expression on all faces,
frowns to smiles from the biggest or smallest places.
Joining hands together, what a wonderful feeling,
we have been through the pain,
now it's time for the healing.
Hoping all soldiers come home from war,
and the spirits of Americans soar.
To come together and lend a helping hand,
to celebrate with one another
and march to the beat of the band.
My wish is for everyone to just get along,
sing a happy song and to do no wrong.
To make this world a better place to live,
instead of always taking, it is time to give.
