My Beautiful Kingdom

Kaitlyn Mitchell

My Kingdom is big and small,
It's round and perfect,
from the sky to the ground,
This is My Beautiful Kingdom.

It's filled with colors for all to see,
especially when it comes to the seasons,
Whether you're at the park or down by the sea,
you will always have a place to be,
This is my Beautiful Kingdom.

At the beach I can stick my toes
between the sand and wiggle them all around,
or swim in the sea and relax
and hear the sound of the waves crashing down,
This is my Beautiful Kingdom.

I sit on my lawn and wonder,
how all this came to be,
this world we all love so happily,
I lay back and look at the different shapes,
of the clouds, they are all so pretty,
This is my Beautiful Kingdom.

It all goes back to the seed of a tree,
that this world came to be,
This is my Beautiful Kingdom.
